Changes may be made to:

- Refresh the content to ensure it is fit for purpose
- Reflect changes in sector guidance
- Incorporate feedback from students

As a student of AIM, we will give you notice of any proposed change. AIM will take all steps to minimize disruption to students.

AIM reserves its right to make changes or cancel a class in circumstances where:

- an insufficient number of applications means that the student experience cannot be guaranteed; or
- the class is no longer viable for academic, regulatory, legal, commercial, financial or other reasons. In such cases, AIM will offer you an alternative class or, where this is not possible, make a full refund paid to AIM by that date.

AIM will do all that it can to provide the promised educational services. Sometimes circumstances beyond the control of AIM may mean that it cannot provide such service, such as unanticipated illness, absence of key staff, severe weather, and other exceptional circumstances. In such cases, AIM reserves the right to exceptionally cancel the class or to modify the schedule.

## **Conduct**

1. Please come with clean shoes (no street or expensive shoes) in case you forget your shoes you have to dance bare feet;

In case of non-compliance of the terms defined by the present Terms and Conditions, site rules, premises or teachers, AIM can suspend a student temporarily or permanently from all classes. To the expectation of severe circumstances, the student will receive a first warning before resorting to the suspension of the student. We reserve the right to suspend the student if this one is skipping classes on a regular basis. The suspension will be written, and no refund will be made.

## **Physical Contact**

We strive to offer teaching that is individual, professional, and thus “hands-on”. It is appropriate for a teacher to manually and physically position a student to explain a point of instruction or to demonstrate an individual flaw in his or her technique. Appropriate physical contact between students and teachers in class is essential to training and continued development of technique. Teachers may use their hands, and occasionally a foot or knee, to illustrate a concept to a student or to adjust parts of a student’s body.

Both teachers and students will treat any physical contact with due sensitivity and care, and a student has the right to immediately stop a particular contact if it makes her or him feel uncomfortable in any way.

## **Image rights**

The student or his legal guardian authorizes AIM to take pictures or videos of the students in relation to the activities of the studio. AIM has the right to use the material freely for personal or commercial use.
